

CAREERS NEWS

FEBRUARY EDITION

NATIONAL APPRENTICESHIP WEEK

Although we were not in school for this week, we did celebrate all things apprenticeship! Resources were shared with students on Google Classroom and in their weekly tutor meet.

There was the national big assembly, quizzes, activity packs, video case studies and a webinar. If you didn't manage to access everything, details of how to do so are below:

Amazing Apprenticeships has created lots of fun quizzes to help inform students and parents about apprenticeships, traineeships and T Levels.

View video case studies and meet real apprentices in their workplace. These films will help to build an understanding of day-to-day responsibilities and the range of apprenticeships available.
